MATTHEW J. BLODE

TECHNICAL FOUNDER · FORBES 30 UNDER 30 · BUILT & EXITED

MELBOURNE, AUSTRALIA
+61 456 455 551 · M@BLODE.CO

EXPERIENCE

Fingertip.com   2023–Present
Co-founder & CTO

- Co-founded website builder with Gabby and Hezi Leibovich (Catch, Menulog founders). Serving tens of thousands of users in 100+ countries.
- Led engineering team to build AI-powered platform combining website creation, booking, e-commerce, and invoicing. 99.9% customer satisfaction.
- Raised funding and launched freemium model. Drove strong SMB market growth.

me&u (previously Mr Yum)   2021–2023
Senior software engineer, Austin, Texas

- Led front-end development for web app serving 15M+ users globally. Ensured performance at scale.
- Managed team of 5 engineers and designers. Delivered products using agile practices.
- Drove technical strategy for US expansion.

VenueSafe (acquired by me&u)   2020–2021
Co-founder & CTO

- Co-founded COVID compliance platform serving 1M+ Australians. Acquired by me&u.
- Built full-stack solution from UI design to back-end APIs during pandemic.
- Achieved product-market fit leading to successful exit.
